Apple News+ Daily Crossword Performance Analysis

Graeme Benson

October 12, 2023

1 Abstract

The FAFO method demonstrates that Graeme is not as skilled as Kelly when it comes to rapidly solving crossword puzzles.

2 Analysis

2.1 Performance Over Time

As evidenced by the plot below, Graeme sucks at crossword puzzles. Kelly's superior ability to kick ass and take names is apparent at a glance.

Created using matplotlib.

3 Conclusion

Graeme fucked around and found out...though he found out that he sucks at crossword puzzles.
